

2016 - 2017 Driftless Area Defensive Pistol League – December

The second shoot of the league season will be held on December 10th, 2016 at the Pine River Sports Association (PRSA) Indoor Range at Richland Center Wisconsin. This shoot is open to Sports Clubs, Educational Institutions, Law Enforcement Departments and Individuals.

The entry fee will be \$25.00 for the league season - if you have paid your league fee you are good to go for this shoot and all remaining shoots for the 2016-17 season. The entry fee for shooters, firing as individuals, is \$5.00, payable at the time of the shoot.

As in the November shoot, in order to assure fairness and equality, the Team competition will be limited to one Class and one Category.

The class will be "centerfire" utilizing a semi-automatic handgun. The calibers allowed will be 9mm Parabellum, .40 Smith & Wesson and 45 ACP.

The category will be "production" handgun, having open or iron sights only. In other words; a standard off the shelf handgun with sights as provided by the manufacturer, aka, a duty weapon.

The shooter will not be required to use the same handgun in all matches. However, the same handgun must be used throughout an individual match, unless it becomes mechanically inoperable. In that case a similar handgun may be substituted at the discretion of the league director. The shooter must provide their own handgun, ammunition and at least 4 magazines, capable of holding at least 6 rounds each and a holster designed for the gun used.

Stage 1 of this shoot will also require the use of a flashlight. Each shooter may furnish their own or one will be provided. It must be a separate, hand held unit with white light. Gun mounted lights are not permitted.

Gil J Hoerth / League Director
