

NRA Basic Pistol Shooting Course

The [Pine River Sports Association](#) will sponsor an NRA Basics Pistol Shooting Course as outlined below.

Date: Saturday January 27th, 2018

Time: 8:00am to 6:00pm. The course will begin promptly at 8:00am.

Location: Pine River Sports Training Room - 1535 N Cedar St, Richland Center, WI 53581 (this [website](#) link has a map for directions.)

Cost: \$125.00 (a \$50.00 deposit is required at pre-registration)

Instructor: Gary W Campbell - NRA Training Counselor

Registration: Pre-registration is required. The Instructor Led Training (ILT) only course takes place in a traditional classroom and range environment. This course will be completed in a single day format. To sign up for the Instructor Led Only - click on the "Find A Course" icon at <http://www.nrainstructors.org/>. This opens the Course Listing page where you will select the Basics of Pistol Shooting-(ILT) and scroll to the bottom of the page to enter details that refine the search criteria to generate a list of available courses. After selecting a course you will enter your information in the registration fields. The course Instructor will contact you shortly thereafter. For additional information or questions, call or text Gary at 608-606-4347 or email gary@thegunacademy.com.

Short Description: This course is the NRA Basics of Pistol Shooting and is an Instructor Led Training (ILT) course, consisting of a hands-on practical portion conducted at a range under the guidance and supervision of an NRA certified instructor. The course is intended for all adults regardless of previous shooting experience. Youth may attend the course, however maturity as well as age is a factor in determining entrance into the course. Contact the instructor for additional information concerning students under 18 years of age. Students will receive the NRA Basic's of Pistol Shooting course packet. You do not need to be an NRA member to take this course. Some of the topics in the course include: gun safety rules, proper operation of revolvers and semi-automatic pistols, ammunition knowledge and selection, selecting and storing a pistol, the fundamentals of shooting, and pistol inspection and maintenance.

Additional Student Information: Pregnant women and nursing mothers are advised to consult a physician prior to attending this course.

Physical Limitations and Disabilities: The presence of a physical disability does not by itself affect a student's eligibility to attend the course or receive a completion certificate. The NRA Adaptive Shooting Program allows instructors to adapt the live fire shooting positions to work within each student's range of ability. Regardless of ability, all students **MUST** demonstrate the necessary **knowledge, skills** and **attitude** to receive a course completion certificate.
